

12-Apr-2016

Subject: Request for Participation- Millennium Alliance Innovation Workshop Round 4 on 23rd April, 2016, Venture Center, Entrepreneurship Development Center, 100, NCL Innovation Park, Dr. Homi Bhabha Road, Pune-411008, India.

Here is good news for innovators and people with access to innovators. The Technology Development Board (Government of India), US-AID, FICCI, ICCO, UK-Aid, ICICI Foundation and WISH Foundation have come together to form an alliance to promote innovation and innovators in the country. This alliance, called the Millennium Alliance, is now into its fourth year. The Millennium Alliance is conducting Innovation Workshops across the country to spread awareness about the scheme and its benefits to innovators. The outcome expectation from such workshops is to connect with innovators directly or indirectly through their business associates, friends and well-wishers. Based on stage of innovation, funding between \$50,000 (approx. Rs.25,00,000) and \$200,000 (approx. Rs.1,00,00,000) is available to select innovations.

We would greatly appreciate if you would personally promote information about Millennium Alliance among your fraternity and to the local community at large. It will be wonderful if you would find time out of your busy schedule and attend the short event.

You may also spread awareness about the programme among emerging Innovators who would like to bring their innovations to world-stage, professionals who have access to innovators, entrepreneurs, or employees and colleagues from your institution who are curious to learn more about the innovation scenario in the country.

The Millennium Alliance proposes to award and aid in promotion of selected innovations. More details can be found on the website www.millenniumalliance.in
