Mentors from

[StartEZ](#) is a technology focused company developing an online platform with essential business tools for early stage entrepreneurs. We launched our first tool the elevator pitch builder (<http://pitch.startez.co>) and have received more than 350 elevator pitches from 12 countries. The elevator pitch builder is a simple, but powerful tool that helps entrepreneurs build their investor pitch in less than 10 minutes. Our vision is to empower entrepreneur with many such tools that will help them in their startup journey.
