29 October 2009

Visit by Dr. Samir K. Brahmachari, Director General (DG), Council of Scientific and Industrial Research (CSIR)

Dr. Samir K. Brahmachari, Director General (DG), Council of Scientific and Industrial Research (CSIR) visited NCL Innovation Park on October 26, 2009. The entire staff of Venture Center and NCL Innovations was introduced to Dr. Brahmachari, who then took a tour of the premises, including Venture Center's key infrastructural resources - the laboratory block and the library.

Dr. S. Sivaram, Director, NCL briefed Dr. Brahmachari on the goals and structure of NCL Innovations and Venture Center. Dr. V. Premnath, Head, NCL IP Group and Head, NCL Innovations gave an overview of the infrastructure and mission of NCL Innovation Park, as well as the programs, services and resident startups of the DST-recognized technology incubator – Venture Center.

During his visit, Dr. Brahmachari expressed satisfaction with the Venture Center's progress so far and suggested that Venture Center engage not only other CSIR labs but also the relevant staff of the Department of Scientific and Industrial Research (DSIR) in detailed discussion on some of the technology commercialization activities that Venture Center is pursuing.
