Network**

Intelicap Impact Investment Network (I3N) is India's first angel network of high net worth individuals and institutional investors seeking investments in early stage enterprises in the Intelicap Focus Sectors.

About the Speakers:

Aditi Shrivastava, heads the Intelicap Impact Investment Network, or I3N (I-cube-N), which is India's first angel network focused on impact enterprises. Prior to joining Intelicap, Aditi was a Portfolio Manager with Goldman Sachs based in New York. She has also served as a board member on the American India Foundation's young professional's board in New York. Aditi has a degree in Engineering from Princeton University, and is a CFA charterholder from USA.

Shardul Sheth is the co-founder of AgroStar, an agri enterprise that aims to transform the retailing of agri inputs in India by providing quality, affordable agri products straight to the farmer's doorsteps. Prior to founding AgroStar, Shardul has over 8 years of work experience across US and India with corporates such as Best Buy and PWC. Shardul holds a B Com, MBA Finance & International Business from Rochester Institute of Technology, New York.

Ritu Verma, has over a decade of investing and operational experience across various sectors. Prior to focusing on the social entrepreneurs Ritu was director at Truven, a boutique advisory company for venture funds looking at investments in India and SE Asia. She also has over 10 yrs of industry experience working across different functional roles –product development, supply chain, branding and marketing at Philips and Unilever. She holds an MBA from INSEAD with a focus on entrepreneurship and venture capital and a Ph.D. in physics from the University of Pennsylvania.

Anuj Sharma, is the founder of ASCo, India's only fully focused Advisory and Auditing firm in sustainability and impact investing.

About Venture Center :

The Venture Center is a technology business incubator specializing in technology startups offering products and services exploiting scientific expertise in the areas of materials, chemicals and biological sciences & engineering. Venture Center strives to nucleate and nurture technology and knowledge-based enterprises by leveraging the scientific and engineering competencies of the institutions in the "Pune region" in India.
