

2015-11: One on one mentoring session with NSE EMERGE platform

When- Saturday, 1 August 2015

Time: 12pm- 1pm

Venue- Meeting room, Venture Center

How can NSE help?

NSE has adopted the best global practices followed across the world to establish a credible and efficient Exchange for Emerging Enterprises. NSE provides a credible admission process along with State-of-the-art trading and risk management system. It also offers high quality investor information, issuer education and handholding throughout the listing process.

Speaker' s profile

Gagandeep Singh - Assistant Manager, NSE
Gagandeep is currently looking after the western region of SME listing for NSE. He holds a BAF (Bachelor of Accounting and Finance) degree and a MMS (Master of Management Studies) degree from Mumbai University. He has hands on experience in the field of trade operations, credit analysis (rating of SMEs) and business development (listing of SMEs).

About NSE – EMERGE

The National Stock Exchange (NSE) is India's leading stock exchange covering various cities and towns across the country. The Exchange has brought about unparalleled transparency, speed, efficiency, safety and market integrity. NSE has played catalytic role in reforming the Indian securities market and in its continuous endeavour to serve the industry, it has introduced a listing platform for the SMEs in the country, EMERGE and EMERGE-ITP.

EMERGE will enable growing small and medium enterprises to approach capital markets as a new and viable option for raising capital in an efficient manner and scale up the businesses to compete globally.

EMERGE-ITP is a regulated market place which meets the needs of the country' s contemporary business environment. It allows start-ups to list without an initial public offering (IPO). The platform connects growing businesses to a pool of sophisticated investors while offering a wide variety of exciting investment opportunities to the investors.
