

Two-Days Intensive, Hands-on Workshop on Mass Spectrometry Based Proteomics for Beginners

Organized by

June 26-27, 2018

Venue: E-Classroom & CAMS at Venture Center, 100 NCL Innovation Park

Workshop highlights

Basics of Mass Spectrometry | Overview of Proteomics | Hands on exercises on Data Analysis & Interpretation with real data | Live demonstrations | Quick update on latest techniques/developments

Workshop is intended to be basic but shall include a few special applications illustrated with real case studies. Learn from faculty with extensive practical experience with industrial applications.

Who can attend and benefit

Any Individual wishing to gain an introduction to the basics of Proteomics Workflow and the use of Mass Spectrometry as tool for analysis of Proteins

Register online at: <https://bit.ly/2Jr6dAN>

More details on: www.venturecenter.co.in/workshops

Seats limited to 25. First-come-first-serve.

Registration closes once 25 seats are full or 23 June 2018 (whichever comes sooner)

Mandatory for Participants to carry their own laptops for Data analysis session
