Comments and suggestions :- Please include if the talk met your expectations.	1	It was interesting, amy be we do this without knowing.
	2	It would have been interesting if more experiments were demonstrated with theory
	3	Content was good and interesting but having only one side of geometry
	4	Other aspects of geometry should also have been included to give eider range of the subject.
	5	New ideas about known concepts, needed badly in Govt. run schools for the betterment of poorest of the poor students who can never imagine in this way.
	6	Talk was informative. I learnt many new things.
	7	Good talk - Time schedule was more

How do you think can these workshops be improved further?	1	Writing on white board can be bold and big
	2	To make the geometry more practical.
	3	By calling speacialist speakers
	4	More practical workshops
	5	Include more practical activities

6	Should provide more material
7	Using 3 dimensional materials, to be handled by students.
8	By giving more activities.
9	It was good, but a tea break would have been better
