“Many thanks for conducting the ACTIVE-SR workshop at Pune. I thoroughly enjoyed each bit of it and learnt a lot--basically doing the business the way it should be done. I would like to congratulate you and entire team for organizing the content and details so well. All the things were in their place-perfectly !! hope we can interact in future too. Let me know if there is any such but more comprehensive workshop at VC in future--I shall be keen to attend. BTW, would you like to suggest any interesting book for entrepreneurs. I am currently reading "Connecting the dots" and "Small Wonder". Lets keep in touch.”
