

Report | VC ABLE E03/2024 BioPune Seminar Series Public Health Impact via Biotech: Felicitation of Leaders | Mon | 29 Jan 2024

Event Summary

BioPune Seminar Series presents talks in the areas of Biotechnology, Biomedical Engineering, Bioinformatics, Biomass value addition and related areas which are of interest and relevance to the biosciences based technology and entrepreneurship community in Pune. As West Zone Chapter for Association of Biotechnology Led Enterprises (ABLE), Venture Center through these seminar series aims to felicitate some of Pune's Biotech Innovation Ecosystem Leaders and recognize their contribution to the space.

This event saw a combination of industry and startup leaders that were felicitated for their noteworthy accomplishments:

- Cyrus Karkaria- President, Biotech Lupin
- Himanshu Gadgil- CEO, Enzene Biosciences
- Parul Ganju- Co-founder & CEO, Ahammune Biosciences
- Jayant Khandare- Co-founder & Chief Scientific Officer, Actorius Innovation & Research
- Anuya Nisal- Founder & CEO, Serigen Mediproducts

Cyrus Karkaria talked about Lupin's journey as one of the world top 10 generics company, highlighting Lupin's global focus, and their shift towards complex generics. He also highlighted the success story of Etancercept.

Himanshu Gadgil emphasized the need for local innovation to address specific needs and highlighted Enzene's disruptive approach in the biopharmaceutical sector, sharing the success story of teriparatide, a product capturing 50% of the market in two years.

Mahesh Kumar Verma (standing in for Parul Ganju), Anuya Nisal, and Jayant Khandare passionately shared their startup journeys and showcased cutting-edge technologies in vitiligo treatment, tissue regeneration, and liquid biopsy for metastasis detection respectively.

There is a huge opportunity in front of all of us. The largest problems at hand today ... be it health, energy, environment, or agriculture, you can't think of the next generation of solutions without talking about biotechnology. ...see more

Start your own company. Doesn't matter even if you fail in two to five years; the amount of learning during failure far exceeds any manager role you will get in any company.
