- Pre Money Valuation S\$3.5MIn

Future Plans

To make Business out of Invention : production of Nanoclay

To do application research of Nanoclay and develop new products like inorganic Nanomaterials

Challenges

- **Business environment was not in favor**
- **Not much awareness about the Nanotechnology Business**
- **Raising Funds: VC's shops were down**
- **Not from any university, institutions or organization**
- **Access to facilities like characterization, process**
- *Raising family*
- *Down with health with life threatening diseases*

Inspiration (Akshardham Temple New Delhi)

The Largest Hindu Temple in the WorldGuinness record Dec 2007

What Dr.A P J Abdul kalam Says

today at Akshardham inspires me and gives me the confidence that 'We can do it?'. The realization of developed India is certainly possible before 2020

6 Nov 2005

What Mukesh Ambani (MD Reliance Industries Ltd)

“To finish this in five years -- it is God’s work impossible for any group to achieve. You have been able to achieve two things: The scale and the details. If somebody concentrates on the scale, you lose the details. If somebody concentrates on the details, you cannot have a big scale. You have been able to achieve both – a grand scale and great detail, which is very difficult for such projects.” -13/11/05
