

Analytical & Measurement Support Services

Elemental Analysis Services

Heavy metal analysis (As, Cd, Pb, Hg)
 Chemical & Petrochemical
 Food & Agriculture
 Environmental
 Pharmaceutical

Chromatography Services

Gas Chromatography
 High performance Liquid Chromatography
 GC-TCD & GC-FID applications
 HPLC-UV applications
 Qualitative & Quantitative analysis

Thermal Analysis Services

Thermogravimetry Analysis
 Differential Scanning Calorimeter
 Measurement of Volatile components
 Filler content estimation
 Thermal stability analysis

Spectroscopy Services

Fourier Transform – Infrared Spectroscopy
 Particle Size Analysis using Dynamic Light Scattering (DLS)
 Spectrofluorometer
 Spectrometers- NIR, UV

Mechanical Testing Services

Compression | Tensile | Fatigue | DMA
