Speaker: Kaushik Gala (CSIR-Tech & India Science Venture Fund)

Kaushik has 17+ years of experience as a technology commercialization & venturing professional, including stints in US & India at multi-national companies, government-supported organizations, boutique consultants and new ventures. He holds BE (Instrumentation), MS (EE) and MBA degrees from India & the US.

Recently, Kaushik has been Chief Business Officer at CSIR-Tech Private Limited. In this capacity, he built a sales & marketing team, developed business with Indian R&D institutions, closed numerous B2B / B2G deals, and led the conceptualization, structuring and fund-raising efforts for a unique, science-focused VC fund. In his personal capacity, he has helped drive entrepreneurial sales for early-stage biotech & healthcare startups.
