

**One day Mini Day Workshop on Mass Spectrometry for Chemists  
27 September 2014 @ Venture Center**

**Evaluation Results**

Category		Avg (Min-Max) Count	Rating Scale	
<b>Section 1: Event Administration</b>			1	Bad
	Quality of pre-event (registrations, queries)	6.18 (4 – 7) 17	2	Well below average
	Was the workshop registration process timely and efficient?	6.12 (3 – 7) 17	3	Below average
	Quality of staff responsiveness	6.65 (5 – 7) 17	4	Average
	Pace of the event (time mgmt)	6.35 (5 – 7) 17	5	Good
	Overall satisfaction with event organization	6.35 (6 - 7) 17	6	Very good
<b>Section 2: Event Facilities</b>			7	Excellent
	Venture Center Training room (Was it appropriate, clean and comfortable)	6.65 (5 – 7) 17		
	Venture Center Cafeteria (Was it appropriate, clean and comfortable)	6.12 (4 – 7) 17		
	Food (Tea/coffee and lunch at Venture Center)	5.94 (4 – 7) 17		
	Materials and Handouts	6.29 (5 – 7) 17		
<b>Section 3: Theory &amp; Demonstration sessions</b>				
1	Relevance of content	6.41 (5 – 7) 17		
2	Depth of Content	6.06 (3 – 7) 17		
3	Instructor explains clearly, encourages and answers questions	6.65 (5 – 7) 17		
4	Demonstrations at CAMS, Venture Center	6.47 (5 - 7) 17		
<b>Section 4: Comments &amp; Suggestions</b>				
<b>How can these workshops be improved further?</b>				
1	Want to go for a somewhat extensive program			
2	There should be 2-4 workshop in weekend in the months			
3	It can be arranged for 2 days.			
4	Please include more about Tandem MS systems.			
5	Workshop can be improved further by arranging two more extra lectures of experts in mass spec			
6	Workshop should be for two days			
7	Can be specific towards Biotechnologists since majority were from that background			
8	It will definitely help me to interpret mass spectra by my own & help in my Ph.D thesis			
9	Detailed Workshop, more details on the topic. Specific case analysis.			
10	Need more time for hands on			
<b>Please suggest a topic on which you wish to have a workshop on</b>				
1	Patents and Molecular biology, Genetics			
2	Patents, Untargeted Metabolomics			
3	Confocal & Fluorescence Microscopy, FCM, Developing Proof of concept business ideas			
4	NMR, XRD, SEM/Tem, Impedance, Elemental analysis, GC & LC/HPLC			
5	XRD, SEM, TEM, NMR			
6	TEM, XRD, NMR, GC, HPLC			
7	Metabolites for non targeted compounds			
8	Mass Spec, HPLC, NMR interpretation, molecular modeling & simulation, Drug discovery.			

9	NMR	
10	X-ray diffraction	
11	Tissue culture	
12	Biotechnology- Bioinformatics, tissue culture	
13	Stem cells Proteomics, Drug delivery	
14	Biotechnology related - Tissue culture	
15	Environmental mol bio, biochem, genetics, bioinformatics, immunology, food tech.

## Testimonials

1. I would suggest to take a long term training of 3 months to 6 months connecting with Venture Center lab. Today's workshop was useful to extend my knowledge regarding mass spec.
2. Workshop was useful to extend my knowledge regarding mass spec.
3. Also, include sessions on analysis of biological data and samples like proteins, peptides, lipids including hands-on trainings.
4. Workshop was very useful to update the knowledge in the mass spectrometry & will be very happy if any of listed topics will be covered in future. Thank you.
5. Workshop was excellent & we clear our queries about basic mass spectral analysis.
6. This workshop was very good for me in terms of understanding the conceit related to mass spectrophotometer.
7. I found the workshop very useful. The explanation was with videos so it was very illustrative and helps to remember for long time. Also, the staff has provided useful information, very helpful environment on all campus.
8. Enjoyed the workshop thoroughly.
9. A separate visit can be exclusively for entering the start-up companies like their nature of work etc. Overall, the workshop was very educative & useful. The basics were explained very nicely & precisely.
10. We as students had to scan and send our Id cards and other formalities pre-registration, which can be taken care here itself. It would be good and appreciative if well ahead of time events are informed to us especially pertaining to life sciences interests. Overall appreciate the enthusiasm and learning process here!
