

# Two-Days Hands on Workshop on PCR and Real-Time PCR: Techniques and Applications

The workshop will give an overview of PCR, Real-time PCR techniques with hands on sessions for both these methods along with applications of all these techniques in areas of agro-biotech, diagnostics with specific reference to cancer diagnostics and other areas of medical biotech.

When: 8-9 September 2015 | 9am-5.30pm

Where: Training Room and Lab Block, Venture Center, 100 NCL Innovation Park

## Highlights of the workshop

### Talks

- Historical perspective and future trends of PCR and related techniques
- Technical overview of PCR and Real-time PCR
- Applications in Medical diagnostics: Relevance of real-time PCR in cancer diagnostics
- Applications in Agro-Biotech: Expression analysis for oil production in Linseed

### Experiments

- PCR
- Real-time PCR

### For whom

Biotechnology and pharmaceutical industry professionals

Researchers, students and faculty (disciplines of life sciences and health sciences)

### Fees

Students with valid ID card: Rs. 3000/-  
Micro and small enterprises/individuals: Rs. 5000/-  
Medium and large companies/ others: Rs. 7,000/-
